- (2) Only those portions of eligible highways approved by the Department of Transportation and where appropriate signage has been installed shall be considered as having truck lane restrictions.
- (3) Truck lane restrictions shall terminate within two (2) miles of a left lane exit to allow ample time for lane transitions.

- (7) These rules do not apply to those portions of highways where “truck climbing lanes” have been established due to excessive grades or where special truck lane restrictions have been established in construction zones.
- (8) The Commissioner of the Department of Transportation reserves the authority to remove or modify truck lane restriction zones established under these rules.
